## ABOUT US

Pinkz Public School is an exclusive alternative school run by the Educationists & Board Members of Sri Maalaiaimman Educational Trust in Kasthambadi, Tamil Nadu-India, and was recently identified as number one school in Tiruvannamalai District, Tamil Nadu-India in peer and parent surveys.

Launched on 1<sup>st</sup> July 2009. We offer first-class, college-preparatory education to students from Kasthambadi and around Tiruvannamalai District, Tamil Nadu. The school is recognized by Educational Departments.

Our school is a day boarding school which cares on their physical & mental Health. The educators work under a single roof with a passionable vision on enriching & empowering the young minds which enables them to face the vicissitudes that life will hold them with grace and courage - a purpose to which we are wholly committed to.

### THE NAME & THE EMBLEM

PINKZ derives its name from an amalgamation of three words Pin, Kid & Zone. The array of these three words in the same order defines our objective behind starting this enterprising endeavor. The Emblem of PINKZ brings life the vision of this ennobling venture. The color blue symbolizes trust, loyalty, wisdom, confidence, intelligence, faith and truth whereas the color pink denotes the universal love of oneself and of others. The Book and the Tree reflect the contemporary and eternal impact of education which we want to bring in our students' life by our invigorating and innovative methods.

## OUR VISION

We at PINKZ PUBLIC SCHOOL believe that education is not a preparation for life, but life itself. The school therefore is a place where all kinds of opportunities are provided to develop those qualities of character that will help young minds to contribute to community in a worthwhile manner and at the same time prepare them.

## OUR MISSION

To cherish a community of caring, responsible young people, working together in an environment that empowers them to think creatively, critically and strategically; to equip them to be intelligent in the face of change; life-long learners to provide leadership to the nation and to the world.

## MESSAGE FROM THE CORRESPONDENT'S DESK

Education is the basic of all progress. The entire purpose of education is not to restrict itself to imparting bookish knowledge but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student.

We, just like you, believe in holistic education for your child, encompassing - academics, co-curricular activities, sports education and life-skills learning. Our endeavour is to strike a balance between state-of-the-art infrastructure and an internationally acceptable education.

At Pinkz Public School we impart education that is based on conscience and we rear a breed of young minds that are bustling with self confidence, motivation and ever ready to take up challenges. We encourage, offer support and guidance to our students as they practise decision-making and develop social skills.

The campus, sports and academic facilities all bear testimony to this effort. In order to promote an internationally acceptable education, our key focus has been on faculty development, our teachers are trained not only to teach well but are also expected to inspire confidence and trust in their students and become role models. Further, the School inculcates in the students a respect for tradition and ensures discipline and good manners.

We welcome your active interest and involvement in the progress and activities of your child.

*R. Ramesh*
